Yup, that's the latest press release. OPA has that version but has not reviewed it yet. And what Kelly sent earlier are the latest fact sheets. Reattaching everything here so it's in one place.

Hey Lou,
I think the version sent by Carolyn yesterday (attached here) is likely the latest.

Thanks,
Emily

Lets all take a breath....

Sam (Linkins), please send me the factsheet sent to OLEM and OW. Good to know OLEM had no edits. Please send me anything you get from OW.

Emily, please send me the latest version of the press release.

Please let me know if any of you have been given deadlines for these materials. The meeting on PFBS isn't until next week. I know we want to have comms wrapped up in advance, but don't know that there is urgency in the next 24h.

-Lou

Subject: Re: PFBS - Nov 12 Briefing for Administrator

Ok, thanks all.

The latest versions of the two factsheets are the ones that Sam Linkins sent to OW and OLEM comms directors. We are waiting on comments from them. We will also update a couple sentences in at least one of the factsheets based on some language for users of assessment we agreed to with the IOAA. That's a quick and easy fix when we do the final update.

I haven't seen the press release with the edits referred to below but looks to be formatting so this should be almost final version except similar to above there's some language Regarding users of assessment that we agreed to with the IOAA that needs updating.

I've cc'd Lou because he is very familiar with this particular user language and can give guidance in my absence.

Thanks!

Kelly – do you have the most up-to-date version? And are we expecting another version with additional updates to come from CPHEA? The last I heard, what we had as of 10/22 was final.

I've attached the two versions we're dealing with here. The one with "Draft" in the title is the one I sent to DDD and JOZ on 10/22 that JOZ approved, but we were still waiting on DDD. I'm not sure where the other one came from. The only differences between the two are the removal of the date and the addition of "Today" in the first sentence.

I realize the differences are super minor, but I need to ping DDD at the end of this week because he never responded about this, and I want to make sure I ping him about the right version.

Thanks,
Emily

Hi all,

I think the nuance was that some of the language that was added to the assessment needs to be incorporated into the comms materials (but not necessarily the press release). I presume Kelly knows more – Samantha is on leave this week and next.

Hi Emily- actually I heard from Samantha Jones yesterday that they need to make additional changes, so at this moment we don't have a final version anymore. Copying Lou and Kelly. When CPHEA has an updated version they will share it with us.

Hey Carolyn,
Liz shared with me this e-mail chain with the PFBS Draft Press Release. I wanted to check with you on this because the version you sent (attached here) is very slightly different than what I last sent to Jennifer and David. The changes are really minor – like removing dates and formatting the title – but I wanted to make sure that was intentional and that the version you sent around is now the most recent version to be used.

Thanks!
Emily
